Agenda

Timings	Details
08:30 – 09:20	Registration
09:20-- 09:35	Welcome Speech and Lamp Lighting Ceremony
09:35- 09:45	Opening Remarks
Session 1 - 09:45 – 11:00	<p>Mastering Import/Export Compliance for your Global, Multi-Layered Supply Chain</p> <ul style="list-style-type: none"> • Determining optimal international shipping strategies • Discuss potential hurdles, such as complex global guidelines, translational management, language barriers, and critical documents to ensure a seamless supply of clinical materials • Distinguish between global and domestic compliance • Seeking ways to manage pharma deliveries at airport and seaport, which is still a challenge • Europe export new guideline
11:00 – 11:30	Networking and High Tea Session

11:30 - 11:35	Presentation 1
Session 2 - 11:35 -12:45	<p>End-to-End Optimization: Seamlessly transitioning your Operations from Development to Product Launch and the future of cold chain innovations</p> <ul style="list-style-type: none"> • Understanding the poor forecast and ineffective demand planning • Analyze the necessary means for becoming globally compliant • Streamlining an appropriate production trail until the packaging phase • Laying emphasis upon the fact that majority of the distributors/stockiest are not well equipped and trained to handle cold chain products • Temperature monitoring, etc. • Usage of Artificial intelligence in Supply Chain
12:45 - 01:00	Presentation 2
01:00- 02:00	“Break the Ice” Networking Luncheon
Session 3 - 02:00- 03:00	<p>Bridging your Clinical & Commercial Operations</p> <ul style="list-style-type: none"> • Shorten up your time to market by identifying your source of time lag between clinical & commercial operations • How much do you prepare for your supply chain in the clinical phase? When is it too soon to begin? • Determine the scale of your operations and use that to manage inventory. • Sharing of best practices • AEO CAPA GDP

03:00 - 03:15	Presentation 3
<p>Session 4</p> <p>03:15- 04:30</p>	<p>Why efficiency & efficacy matters and how can we get it delivered?</p> <ul style="list-style-type: none"> • How the Industry can join hands to create stipulated standards & methods for Cold Chain • What can be delivered if contractual terms are further improved between Pharma & logistics industry? • Regulatory push – can industry plan for it ahead. Is being prepared early better in today’s age of Social media instead of waiting for Govt to come up with norms? • Contract logistics and incentivizing efficiency • Optimize inventory processes, package and labeling, operations for temperature control, and forecasting ideas that demonstrate safety, efficacy, and dosage in your clinical trial supply chain • Discover unique primary packaging to differentiate your product and delivery to bring an effective and safe drug product to market. • Cost effective Designing of the packs/devices etc. keeping patients in mind. • Operational Excellence in pharma.
04:30- 05:00	Networking Tea and Coffee Session

<p>Session 5</p> <p>05:00- 06:15</p>	<p>How do we bring about change in pharma delivery in the country</p> <ul style="list-style-type: none"> • Centralize material flow management, leading to significant shipping cost savings and an optimized supply chain • How to replicate in global delivery model in India? • Logistics & ancillary supply strategies • E Way Bill • Traceability of products
<p>06:15- 06:30</p>	<p>Vote of Thanks</p>
<p>06:30 onwards</p>	<p>Cocktail and dinner</p>
